

## Scorpion MUD

Off-Road

On-Road

High Performance

The Scorpion Mud is a tyre designed for the true off-road enthusiast who needs an aggressive tread pattern to obtain maximum grip on slippery and inconsistent surfaces. Scorpion Mud quickly drains water and mud to guarantee directional stability and grip without renouncing safety. This tyre offers high impact and tear resistance.

### Tread pattern

Aggressive tread pattern with rugged blocks and deep grooves. Raised white lettering on the sidewall plus protective kerbing rib Central transverse rugged blocks and deep grooves. Alternating multi-shaped shoulder blocks.
